

LTPO MTG. JULY 10, 2021 - HILLTOP 10:12 AM

Roger talked about the new trash setup with a thanks to Terry and crew. We hope to have 4 or 5 stations as needed. He also thanked everyone who helped with the very successful fireworks display.

Some people encouraged some kind of recycling. No action was taken.

Kathy reported that 4 old campers were removed, 2 sheds removed, 12 more violation tickets were mailed. She also is looking into a new gate entry system. She asked people to contact her with information about individual violations.

Everyone started talking about security, gates open and closed etc. Roger asked that everyone be patient... the trustees are working on the problem. Gates cannot be permanently closed without a vote mailed to all property owners. They can be closed temporarily.

Terry said he has been putting sand on beaches, but it washes away with heavy rains. You can take brush to an area by Goff Springs lake.

Ken Jones gave out financial reports for the last 3 months. They showed income decreasing every month. He hopes we consider an assessment increase. Much discussion followed.

Deputy Bowels told us what numbers to phone: If it is an emergency (medical or other) call 911. If it is a violation of a state or civil law phone 573-431-3131. If it is someone violating a Lake Timberline law call the front office 573-358-2620 or the front gate 573-358-8710.

Meeting closed at 11:30 am.
